

Dear Student,

We are pleased to inform you that we have received and evaluated your pre-application for admission to Regnum Institute. Below you will find a list of steps that must be completed within the next seven days to finalize the admission process.

As we evaluated and prayed over every application, also gave ample consideration to the inquiries submitted by some prospective students among which the attendance policy and age requirements were highlighted.

- a. Attendance: Since this is a launching year and some students could not attend one or two of the initial equipping sessions because of extraordinary circumstances, the board of directors has decided to relax our attendance policy for the first trimester to make room for students within this category, thus two absences will be allowed during the first trimester
- b. Age Requirements: Since the equipping strategy is based on a trans-generational approach, we believe that young believers will greatly benefit of the Regnum Institute's hands-on equipping which is not only equivalent to a college education level but even more importantly will prepare and point them in the fast track to activating, releasing and fulfilling their destiny and ministry. Although 18 years of age should be a suggested admission age, every case will be considered based on spiritual and mental maturity, character, stage of development of their understanding of destiny and mission, etc.
